

How to study the Bible for yourself

Disclaimer

I do not agree with a lot of the doctrines described in this book, but there is a lot of wisdom on how to study which we can apply in our own studies.

Introduction

This is a summary of all the information presented in the book by Tim LaHaye, How to study the Bible for yourself. But without most of the fluff and 'bad' doctrine

How to read the Bible

- Read daily,
- Read on a set time,
- Read in the same spot,
- Read with pencil in hand, ready to write things down,
- Read with dedication,
- Keep a daily spiritual journal containing
 1. Date
 2. Which part of the Bible you were reading
 3. Gods message for you today
 4. A promise of God
 5. A commandment to keep
 6. A timeless principle
 7. How can you apply the things written above

Methods of reading the Bible

1. Read whole books
2. Read a book multiple times
3. Read according to your needs
4. Read the bible as a whole

A formula for teaching yourself self discipline

1. Read when you want to, read when you don't want to
2. Make a promise to God (don't recommend)
3. Don't make exceptions
